To,

Dr. Mahendra B. Desai (Managing Director P.P.S.) & His team.

Indeed I have great pleasure by expressing best wishes for an unique, excellent achievement of 'PPS House.'

PPS has proved potentially by having own "P.P.S. HOUSE" as a result of dedicated hard work by the office bearers.

Our Gujarat State Branch is pioneer in launching such successful scheme for the welfare of our members. This is great boon and need of time for members, during any involvement of legal procedure. PPS has assured powerful protection to the members, from consumer forum level to national level effectively and stood to the test of time since its inception, till to day. Such should be an example for many more states branches of I.M.A.

Congratulation & Best wishes to Dr. Mahendra B. Desai and his team for successful journey from 'A.M.A. to P.P.S. House'.

I wish many more milestone for development of the scheme.

Ever Yours

Dr. Ketan D. Desai

Past National President (IMA-HQS)
